

MEMORANDUM

Date: September 26, 2024

To: Brett Fairbairn, President & Vice Chancellor

From: Gillian Balfour, Provost and VP, Academic;
Shayne Olsen, AVP, People and Culture;
Scott Blackford, Legal Counsel

Re: Amendments to the Respectful Workplace and Harassment Prevention Policy BRD 17-0 (the "Policy")

Attachments: Copy of the Policy;
Copy of the proposed changes, including the new name: Harassment and Discrimination Prevention Policy

Purpose: The purpose of this memo is to describe proposed changes to the Policy. These changes were drafted to improve processes for disclosures of harassment and discrimination.

Background: The last significant amendments to the Policy were approved on December 2, 2021; these amendments were made to bring the Policy in compliance with WCB rules.

Discussion: The most significant change to the Policy is to remove references to the external Human Rights Officer and create a new pathway for making disclosures to an internal Protected Disclosures Officer, who will report to the Provost. Other changes include clarifying defined terms and aligning the process with other policies (especially the Sexualized Violence Policy, which also deals with matters involving sexual harassment).

Risks: No new risks have been identified.

Budgetary Implications: The Policy contemplates the elimination of a contract position (the Human Rights Officer) and the creation of a new, internal position (the Protected Disclosures Officer), which will be more costly but will add services and accessibility.

Consultation: The AVP, People and Culture, met with the Presidents of TRUFA and CUPE, and received feedback from them on the changes. The EDI/AR Office and AVP, Students also

met with stakeholders and members of the TRU community, including TRUSU, and received feedback during the drafting process.

Communications Desirable: Following approval of the proposed changes, the AVP, People and Culture will work with Student Affairs and the Protected Disclosures Officer (once hired) to provide education and ongoing support as necessary.

Recommendation(s): This Memo requests approval of the Board of Governors the draft changes to the Policy.

RESOLVED that the Board of Governors approves the changes to the Respectful Workplace and Harassment Prevention Policy, BRD 17-0 as drafted.

1. SCOPE

- 1.1. This Policy applies to all members of the University Community. Where the subject matter is covered by a collective agreement, and where there are conflicting provisions between this Policy and the collective agreement, the collective agreement will take precedence.¹
- 1.2. For the purposes of investigation, this policy applies to Harassment and Discrimination involving a member of the University Community and that is Reported to a Responsible Officer and that is alleged to have occurred:

¹ Capitalized terms in this Policy have meanings set out in in Appendix One of this Policy.

- a. on any property that is controlled by the University and used for University purposes including student residences owned by the University but excluding activities that are in the exclusive control of organizations other than the University;
 - b. at an event or during an activity sponsored or under the auspices of the University; or
 - c. online, using the University's Information and Communications Technology; or
 - d. when the Respondent was in a position of power or influence over the Complainant's academic or employment status; or
 - e. such that it has a real and substantial connection to the University.
- 1.3. Harassment or Discrimination captured by this policy may also be captured by another University policy. If that is the case, and the Complainant wishes to Report the Harassment or Discrimination, then the Complainant may elect to proceed under one policy or the other. The Complainant's choice, once made, is irrevocable with one exception: if the Responsible Officer determines that the behavior does not fall within the scope of another policy, then the Complainant may choose to proceed under this Policy.
- 1.4. Individuals have the right to pursue other avenues (such as reporting the BC Human Rights Tribunal) whether or not they choose to proceed under this policy.
- 1.5. **CONTRACTORS AND OTHER VISITORS TO CAMPUS:** The University will not tolerate harassment or discrimination on its campuses or at University events. The University will rely on its contractual and other rights with regard to contractors alleged to have committed harassment or discrimination; in doing so the University will require contractors to hold their employees to the same standards applicable to members of the University Community. Similarly, other visitors to campus found to have breached this Policy may be excluded from University campuses and/or events.

2. PRINCIPLES

- 2.1. All members of the University community have the responsibility to respect the rights of others. Harassment and Discrimination will not be tolerated by the University.
- 2.2. This policy will not be interpreted, administered, or applied to infringe the academic freedom of any member of the University community.
- 2.3. This policy will be interpreted, administered, and applied in conformity with the principles of procedural fairness and natural justice.
- 2.4. All parties will be advised of the provisions of this policy and of the procedures available to them under the terms of this policy.

- 2.5. All members of the University community will be treated equitably under this policy. All matters arising under this policy will be dealt with in a fair, unbiased and timely manner.
- 2.6. In the University community, power differences exist between or among faculty, staff, and students. Where one person has implied or explicit power or authority over another, there is an increased potential for Harassment and Discrimination issues to arise.
- 2.7. Those responsible for interpreting, administering, and applying this policy will use a Reasonable Person Standard.
- 2.8. Members of the University Community have an obligation to participate in procedures under this policy. Should any individual refuse to provide a statement or participate in an investigation, the investigation will proceed, and outcome(s) will be based on the available information.
- 2.9. The University will not tolerate any retaliation, direct or indirect, against anyone making or involved in a Disclosure, Report, or Investigation under this Policy. A finding of retaliation may result in disciplinary action.
- 2.10. Bad faith, Frivolous, Vexatious, or malicious complaints of discrimination or harassment may result in discipline.
- 2.11. Any party to a Disclosure, Report, or Investigation may object to the participation of a person in the administration of this policy on grounds of conflict of interest or reasonable apprehension of bias. Such objection should be submitted in writing to the Responsible Officer whose decision will be final. Where the objection relates to the participation of the Responsible Officer, General Counsel or designate will make the determination.

3. EDUCATION AND AWARENESS

- 3.1. The ~~Protected Disclosures Officer University's Executive Director—EDI and Anti-Racism~~ will collaborate with campus partners including, but not limited to, University's Executive Director – EDI and Anti-Racism, People and Culture, Student Development, and Constituent Organizations, to develop and implement an annual education strategy. - 3.3. The University will work with campus partners to provide ongoing awareness, education, and training opportunities throughout the academic year for all members of the University Community.

- 3.5. The University will make training related to the policy and procedures herein available for all members of the University Community.

- 5.2. A member of the University Community who has been subjected to Harassment or Discrimination may choose to Disclose the experience by confiding in another member of the University Community. - 5.3. The University will support University Community members in Disclosing incidents of Harassment or Discrimination. People may choose one or more of the following options:
 - a. Disclosing to one or more members of the University Community;

- 5.4. Individuals who Disclose Harassment or Discrimination will be given access to support services available on campus or supported in accessing services in the community.
- 5.5. Student Development will provide support for Students, and People and Culture will provide support for employees. Detailed information about on and off campus supports is provided on the TRU website.
- 5.6. Support for the Complainant may include on-campus safety planning provided by the University. Off-campus safety planning may be available from community partners.
- 5.7. Complainants need only Disclose their experience to seek support and will not be required or pressured to make a formal Report to the Responsible Officer. In some cases, where campus or community safety is at risk, the University may need to take some action without the Complainant's consent, including investigating the incident pursuant to this Policy. If this is necessary individuals affected will be fully informed and supported at every step of any process.
- 5.8. Members of the University Community who receive a Disclosure are required to contact the Protected Disclosures Officer, who will maintain a record of anonymized Disclosures for tracking purposes.

The person Reporting the matter to the Responsible Officer becomes the Complainant. A Complainant may bring a Report to the Responsible Officer within six months of the last alleged incident of

Harassment or Discrimination. The Responsible Officer will discuss the Report fully with the Complainant, who will be informed of the procedures of this policy.

- d. whether it has been received within the time limits for making a Report; and
- e. in the case of a third-party Report, whether the person who was the target of the Discrimination or Harassment has consented to an investigation or if it is appropriate to initiate an investigation without the consent of that person.

7.2. If a Report meets the above tests and proceeds, the Responsible Officer will initiate an investigation that is appropriate to the circumstances.

7.3. The Responsible Officer will advise the Complainant of the result of the review, the reasons for the result, and whether the Respondent will be notified of the Report.

7.4. If the Responsible Officer determines that one of the above tests are not met, the University will not conduct any further investigation into the Complaint under this policy unless the safety of the Complainant or any member of the University Community is at risk.

7.5. The Responsible Officer will normally not advise the Respondent of the Report unless the review tests are met. The Responsible Officer may recommend to the Complainant other forms of resolution.

9. INVESTIGATION PROCEDURES

- 9.1. Investigations may be conducted by either an internal or external investigator, as deemed appropriate by the Responsible Officer, in consultation with General Counsel or designate.
- 9.2. If more than one Report has been made about a Respondent, the Responsible Officer may decide that the Reports will be investigated together. Each party will have the opportunity to make submissions in the matter.
- 9.3. Whether internal or external, the investigation will conform to the principles of natural justice, procedural fairness and trauma informed investigations, and will:
 - a. be undertaken promptly and diligently, and will normally be completed within 60 days of the appointment of an Investigator;
 - b. be fair and impartial; and
 - c. be sensitive to the interests of all parties involved and maintain confidentiality to the extent reasonably possible.
- 9.4. The investigator will normally interview the Complainant, Respondent, and such other persons and/or review documents as the investigator considers may have or contain relevant information pertaining to the Report.
- 9.5. The Respondent has the right to know the pertinent details of the allegations made against them. Where appropriate, the University will use reasonable efforts in keeping Reports confidential. However, individuals who make Complainants should be aware that confidentiality is not the same as anonymity, and that Respondents will, in most cases, be entitled to know the name of the person who has accused them.
- 9.6. All parties may be accompanied by a support person, who may be their legal counsel, and/or a representative of their Constituency Organization throughout the procedures set out in this policy.
- 9.7. A Complainant may withdraw their Report at any time. However, the University may nonetheless have an ongoing obligation to investigate the concerns raised.
- 9.8. The investigator may recommend that the investigation be adjourned, stayed, or terminated, or otherwise settled with the agreement of the parties. The Responsible

Officer will decide whether to accept this recommendation after considering submissions, if any, from each party.

- 9.9. The Investigator will normally prepare an Investigation Report. The Investigation Report will be sent to the Responsible Officer.

10. MEDIATION & ALTERNATIVE RESOLUTION OF REPORTS

- 10.1. At any point in the investigative process, either party or the Investigator may request an informal complaint resolution process such as mediation. Any informal complaint resolution process must have the consent of both parties and the Responsible Officer to proceed, and if a resolution is reached, it will be documented in writing.

11. DECISION

- 11.1. When the Responsible Officer receives the Investigation Report, they will decide whether to accept the investigator's findings, and if a breach is found to have occurred, will decide what sanctions or corrective measures, if any, should be imposed. Such corrective action may include training for members of the University Community or amendments to University policies or processes. Any corrective measure will be documented by the Responsible Officer.
- 11.2. The Investigation Report, along with the Responsible Officer's decision, with reasons, on whether the policy has been violated will be communicated to both parties within four weeks of receipt of the Investigation Report.

12. DISCIPLINE

- 12.1. Where there is a finding of Harassment or Discrimination, the Responsible Officer will make determinations on appropriate discipline.
- 12.2. Where the Respondent is covered by a collective agreement with a bargaining unit, any discipline will be imposed consistent with the terms of that agreement.
- 12.3. Where the Respondent is a Student, the Responsible Officer will, after taking all the circumstances of the case into consideration, make a determination on appropriate discipline. If that determination includes suspension of the student, the Responsible Officer will make such recommendation to the President.
- 12.4. If the Respondent is not covered by either section XII.2 or XII.3 of this policy (ie: exempt employees including administrators up to and including the president), the Responsible Officer will create an analogous process.
- 12.5. The Respondent will be informed of the final decision as to sanction. The final decision will be placed in the appropriate personnel file or student file of any party found to have violated the policy. The Complainant will only be advised of the

sanction against the Respondent in the event that knowledge of the sanction is necessary to protect the Complainant's health or safety.

13. USE OF INFORMATION AND CONFIDENTIALITY

- 13.1. Investigation of Harassment and Discrimination often involves the collection, use, and disclosure of sensitive personal information. Confidentiality is required so that those who may have experienced Discrimination and Harassment will feel free to come forward. Confidentiality is also required so that the reputations and interests of those accused of Discrimination or Harassment are protected. However, either party may discuss the case in confidence with their supervisor, support person, and/or representative of their Constituency Organization.
- 13.2. Unauthorized release of Confidential Information may violate the Freedom of Information and Protection of Privacy Act and may also prevent the University from conducting a fair process if a Report is made.
- 13.3. Subject to any limits or disclosure requirements imposed by law or required by this policy, any and all information, oral and written, created, gathered, received or compiled through the course of a Report is to be treated as confidential by both the Respondent and Complainant, their representatives (such as their legal counsel or advocate), witnesses, and the officials designated by this policy

- 13.5. The Investigator's Report will be provided to the Complainant and Respondent and shall be treated as confidential.

- 13.7. Any person breaching confidentiality may be subject to disciplinary sanction or other appropriate action.

14. ANNUAL REPORTING

- 14.1. The Protected Disclosures Officer is responsible for preparing and distributing an annual report. This responsibility requires that information on activity under this policy be collected by the Protected Disclosures Officer. The annual report will summarize the activities of the Responsible Officers in administering this policy and will provide information on the number of Reports, and the number of resolutions through informal procedures, mediation activities, and investigations. The report will also contain the progress made in providing education to employees and students in regard to harassment and discrimination prevention. This annual report will be

provided to the President and the Board of Governors of TRU and made available through the office of the Protected Disclosures Officer.

15. REVIEW

- 15.1. This policy will be reviewed every three years. The result of such review will be provided to the President and Board of Governors along with the annual report.
