

# Visit With A Care Coordinator Today

EQ Virtual connects you with local health practitioners in complete confidentiality. Visit your doctor from the comfort of your home, office, or wherever. The EQ Doctors provide counselling, prescriptions, specialist referrals, and more, and can share information with your personal health circle.

Our Care Coordinators are waiting to assist with your EQ Virtual visit. If it has to do with your health, EQ Virtual is here for you.

Care that fits your life.

## Care Made Simple

Start At:  [eqvirtual.com](https://eqvirtual.com)

### Prepare your EQ Virtual account

Click "See the Doctor" on the EQ Virtual website to sign in or create your account.

### Describe your symptoms

Tell us how you are feeling and any other important information. You can attach photos and other files if necessary.

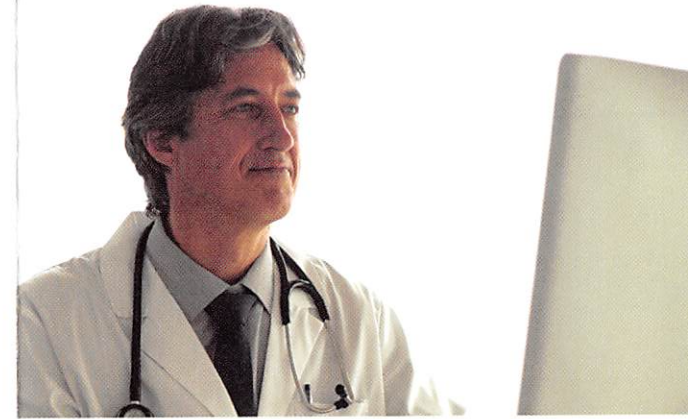

### See the doctor

When your visit starts, a Care Coordinator will guide you through the process, answer any questions, and connect you to the right health practitioner.

### Review your care plan

After your visit, you can review your personal care plan. Your Care Coordinator will be available to assist with any further questions.

## We Assess Many Issues

- Cold, Flu, Fever
- Sore Throat
- Headache
- Urinary Tract Infection

- Stomach Ache, Diarrhea, Vomiting
- Mental Health - Depression, Anxiety, PTSD
- Pediatrics - Fever, Rash, Respiratory Issues

**"It helped me feel more comfortable and in control."**

"When I heard about virtual care, I was skeptical. But the doctor was great and I was so happy when I heard that I could continue seeing her for counselling. Already, I feel better and have more energy."

- Matthew S.
