

Strategies for Success

ESSENTIAL SKILLS FOR BEd STEM APPLICANTS

Improve your English Skills

We are happy to offer a program designed to increase your fluency and confidence using English.

Designed to work around your academic courses, this intensive English program will give you the opportunity to practice using English in real-life scenarios. Special projects like practice interviews, elevator speeches, professional portfolios and others will allow you to practice your English in ways you never have before.

Whether you are applying to a new program or preparing for a class presentation, the skills and techniques you learn in this program will help increase your confidence in your language skills. With greater confidence, you will better your chances in reaching your academic and future career goals.

QUOTE

I just got admitted into STEM. All my hard work finally paid off. Thanks for all your help along the way. You gave me the inspiration that teachers need to be adaptable, which really helped me a lot. I was so confident when I was doing [my interview] because I have practiced everything before.

-Hanze (Owen) Zhang, BEd STEM student

Study with TRU

For over 25 years, Thompson Rivers University (TRU) has been delivering customized training programs of the highest calibre, earning us worldwide recognition. Our intensive, short-term programs are strategically balanced to maximize learning opportunities while allowing participants enough time to gain an appreciation of Canadian culture and participate in carefully selected activities. The result is a rich and rewarding experience that will last a lifetime.
