Course Evaluation for **#{e://Field/Course%20Code%20Section%20Title}** taught by **#{e://Field/Faculty%20Name}**.

You are currently nearing the end of your course. We hope you take the time to assess the course by completing this survey. Your feedback is important and will help to improve the service and quality of learning for future students. At TRU, we are committed to providing learning with the best possible experience, therefore your feedback is crucial to this continuous improvement process.

Your responses are kept confidential to prevent faculty members from being able to link an individual student to any specific responses or comments. However, your comments will be provided to the faculty members as written, including any personal information about yourself in your comment, which may identify you. By submitting your comments, you consent to faculty seeing their content. Written comments on course evaluations will be screened electronically, and removed, if they contain harassing or defamatory language as defined by the BC Human Rights Code and the Human Resources Policy 11 - Discrimination and Harassment in the Workplace. A course-wide summary report will be provided to faculty members after all the results are compiled and final grades have been submitted.

The Centre for Excellence in Learning and Teaching will report on campus results of course evaluations for students to see how their responses are improving learning at TRU. Those results can be found on the Student Course Evaluations website.

TID Please provide your Student TID

This information will be used to track survey completion and will not be shared with your instructor. (example: T12345678)
