

INTERNATIONAL FIELD SCHOOL FACULTY WORKFLOW

OVERVIEW

The following workflow has been designed as a tool to assist faculty interested in developing a new or update an existing short term group study abroad programs, known at TRU as “international field schools”. The information provides step-by-step direction to assist with initiating the development, planning, delivery and monitoring, and reporting management of a TRU field school.

These worksheets have been developed using the International Field School Faculty Guide_Draft recommendations and principles. This guide draft can be provided from the Study Abroad Office.

IDEA TO REALITY

How to start the process for developing a new or existing International Field School

1. Connect with TRU Study Abroad studyabroad@tru.ca

Discuss idea and concept

Approval Forms

Agreement?

NEW SIF _ Local to Global Faculty Funding

FS development, research, existing course
