Step 1

An Employee who believes that they have a grievance shall informally discuss the grievance with their supervisor for that work within thirty (30) calendar days following the occurrence of the subject matter of the grievance, or within thirty (30) calendar days of the Employee having a reasonable opportunity to become aware of the occurrence, whichever is later. Every effort

TRU/TRUOLFA COLLECTIVE AGREEMENT: April 1, 2022 to March 31, 2025

shall be made by the Employee and their supervisor to informally settle the grievance through forthright discussion. The Employee, upon request, has the right to have a Steward involved in the discussion. A decision shall be rendered by the Employer to the Employee and to the Steward, if involved in the discussion, within ten (10) business days of the initial discussion.

Step 1 shall not apply to group, TRUOLFA or policy grievances initiated by the Parties to this Agreement. These grievances shall commence at Step 3 and must be submitted in writing on the proper form by one Party to the other Party within thirty (30) calendar days of the occurrence of the subject matter of the grievance, or within thirty (30) calendar days of when either Party has had a reasonable opportunity to become aware of the occurrence, whichever is the later.

Step 2

If no informal settlement is reached, the grievance shall be written on the proper form and presented by a Steward to the Director, Curriculum Development and Delivery, or designate within ten (10) business days. The form shall record the nature of the grievance, including the articles of Agreement alleged to have been violated, the date and circumstances from which it arose, and the remedy requested. The Director, Curriculum Development and Delivery or designate will then investigate the grievance and render a written decision to TRUOLFA within ten (10) business days of receipt of the grievance.

Step 3

If no settlement is reached, or upon receipt of a group, TRUOLFA or policy grievance, a meeting/teleconference shall be convened between the Associate Vice-President of Open Learning and/or designate, the Steward, and the Associate Vice-President, People and Culture or designate within ten (10) business days. A FPSE Representative may attend or monitor the meeting/ teleconference when requested. A written decision shall be rendered to TRUOLFA within ten (10) business days from the meeting.

1) Notice

If the grievance is not settled at the Step 3 level, then either Party may notify the other in writing of its intention to refer the grievance to arbitration, within twenty (20) business days of the Step 3 written response.

TRU/TRUOLFA COLLECTIVE AGREEMENT: April 1, 2022 to March 31, 2025

2) Abandonment of Grievance

If either Party does not present a grievance to the next higher level within the time limit stipulated herein, the grievance will be deemed to have been abandoned. The Parties may mutually agree to alter any time limits set out in this grievance procedure.

5.5 Suspension and Discharge Grievance Resolution

If resolution is not reached at Step 3, either the University or TRUOLFA may elect to resolve a grievance respecting the suspension or discharge of an Employee or a grievance relating to Course Development work through the process outlined herein as an alternative to the process established in Article 5.6.

The referring Party shall provide notice of the referral to the other Party within thirty (30) calendar days of completion of the grievance procedure. Within ten (10) business days of receipt of notice, the Parties shall select an Expedited Arbitrator.

The University and TRUOLFA will submit to the Expedited Arbitrator:

- a) A joint statement of the issue(s) in dispute.
- b) A joint statement of agreed facts.
- c) Individual statements of facts that are in dispute.
- d) Individual statements of position.

The Expedited Arbitrator has the authority to determine their own procedure, subject to what is described below, including ordering pre-hearing disclosure.

The Expedited Arbitrator will schedule and conclude a hearing into the dispute within twenty-eight (28) calendar days of receiving notice from the Parties of their appointment on the matter. It is understood that the actual number of hearing days will not exceed three (3) days unless otherwise agreed by the Parties or as directed by the Expedited Arbitrator.

The Expedited Arbitrator will issue a binding decision within fifteen (15) calendar days of the conclusion of the hearing.

The Expedited Arbitrator may, at the request of either Party or at their own discretion, act as a mediator in advance of the hearing provided that such action does not alter the timelines established in this Article.

TRU/TRUOLFA COLLECTIVE AGREEMENT: April 1, 2022 to March 31, 2025

The decision of the Expedited Arbitrator is final and binding on the Parties except as provided in Section 99 (1) of the Labour Relations Code.

Each Party will be responsible for its own cost except that the cost of the Expedited Arbitrator shall be equally shared by the Parties.

5.6 Arbitration

If a dispute is referred to arbitration, the Parties will select a single arbitrator to hear the grievance. The Parties agree to select a mutually agreed upon arbitrator.

Each Party shall pay its own expenses and costs of arbitration, and one-half of the compensation and expenses of the Arbitrator.

The decision of the Arbitrator will be final and binding on the Parties. The Arbitrator is not vested with the power to change, modify or alter this Agreement in any of its parts. The Arbitrator may however interpret the provisions of this Agreement and has the power to relieve against technical irregularities including time limits and to render a decision according to equitable principles and the justice of the case.

Should those Employees eligible refuse the opportunity to deliver it again, then the assignment will be advertised as a vacancy and will comply with the procedure as set out in 4) below.

When the right of an Employee set out in Article 6.2 1) would result in a single OLFM having a right to 100% TAP in a course, the OLFM's right will be capped at 50% TAP in that course and the University will be entitled to hire one more OLFM to deliver the unallocated TAP in that course. The previous sentence does not apply to courses in which OLFMs have 100 % TAP and active students as of May 17, 2010 (Appendix C).

TRU/TRUOLFA COLLECTIVE AGREEMENT: April 1, 2022 to March 31, 2025

All such committee time or work must be approved in advance by the Director, Curriculum Development and Delivery or designate.

6.4 Layoff and Severance Payment

1) Layoff Defined

Layoff is defined as the cancellation of a course that is delivered by a Regular Employee, provided that they are not delivering nor scheduled to deliver any other course within Open Learning.

When a layoff occurs where there are multiple Lab OLFMs or Clinical OLFMs in a setting instructing students, then seniority will be the basis for determining the order of OLFMs to be laid off.

2) Notice of Layoff

Regular Employees who are to have their courses cancelled and who have successfully completed their probationary period shall receive one (1) months' notice, or four (4) weeks' pay (as determined by the formula in paragraph 5 below) in lieu of notice.

All notices shall be in writing with a copy to be sent to the TRUOLFA President stating the date of the notice and the date on which the layoff is to occur.

3) Layoff Options

Upon receipt of the afore-mentioned notice, an Employee will within five (5) business days notify the University in writing whether they wish to receive severance payment or to be placed on a recall list for a maximum period of one (1) year.

TRU/TRUOLFA COLLECTIVE AGREEMENT: April 1, 2022 to March 31, 2025

4) Severance payment

Severance payment will be calculated as follows: one (1) week's pay per each six (6) months of actual service to a maximum of twenty-four (24) weeks' pay. A week's pay is calculated by the formula below.

5) Formula for Determining Weekly Pay

Weekly pay will be determined as follows: the Employee's gross annual income as an OLFM for the previous year will be divided by 52 and rounded to the nearest dollar.

6) Process for Calculation of Severance

The Parties agree that for the purpose of layoff notice and severance calculation the following will apply:

Notice date means the date that the University cancelled the last course, which equates to the date that the University stops registering students for the course.

a) Courses where there are no continuing students

- i) Layoff notice will be served one (1) month prior to the last day of employment.
- ii) Severance payment will be calculated from the last day of employment.

b) Courses where there are continuing students

- i) OLFMs with continuing students will receive layoff notice one (1) month prior to the last student completing the course.
- ii) Severance calculation will be based on a fixed point in time, one (1) month after the original "notice" (course cancellation date) was served.
- iii) Severance will be paid at the end of the month in which the last day of employment occurs.

TRU/TRUOLFA COLLECTIVE AGREEMENT: April 1, 2022 to March 31, 2025

c) Allocation of continuing students

- i) Continuing students will be transferred to the most senior OLFM and the less senior OLFMs currently delivering the course will receive layoff notice in reverse order of seniority.
- ii) If the most senior OLFM does not accept the continuing students, then the students will be offered to the other OLFMs currently delivering the course based on seniority.
- iii) If none of the OLFMs currently delivering the course are willing to accept the continuing students, then the University will hire a Temporary Employee as set out in Article 1.7 6) of the Collective Agreement.

7) Recall

If an Employee elects to be placed on a recall list for a period of one (1) year, they will be offered new courses that occur for which they are qualified and capable of delivering. As per Article 6.1 e) v), if the Employee refuses the offer, they will not receive severance payment.

If while on the recall list, the Employee is not offered a new course for which they are qualified and capable of delivering, then at the end of the one (1) year period, they will receive severance payment.

Employees on the recall list will not continue to accumulate seniority but will maintain the seniority they achieved as of the time that they were placed on the recall list.

6.5 Job Descriptions, Classifications and New Duties

- 1) Where a new job classification is created during the term of this Agreement, the Parties will meet to attempt to reach agreement on the appropriate terms and conditions for the position. The deliberations of the two Parties will not result in the delay or cancellation of any course to be carried out by the new classification.

Where these discussions fail, either Party may refer the matter to arbitration as set out in Article 5.6 within twenty (20) business days of the impasse. This shall not preclude the Employer from proceeding with the classification while the arbitration process is underway; however, decisions of the arbitrator shall apply retroactively to the date of employment in the new job classification.

TRU/TRUOLFA COLLECTIVE AGREEMENT: April 1, 2022 to March 31, 2025

- 2) In accordance with Article 2.1, the University shall give as much notice as possible, but not less than thirty (30) calendar days to TRUOLFA of new duties to be assigned to Employees during the term of this Agreement. In emergency circumstances, the notice period may be waived by mutual agreement. The notice shall include a description of the duties to be performed and any specific qualifications required by the University. The Parties will meet to attempt to reach agreement on the appropriate terms and conditions including the rate of pay for the duties. The negotiations of the two Parties will not result in the delay of the performance of these duties.

If the Parties do not reach agreement within thirty (30) calendar days of the notice above, either Party may refer the matter to arbitration as set out in Article 5.6. The agreement of the Parties, or the decision of the arbitrator shall apply retroactively to the commencement of the new duties.

- 3) When the University introduces a pilot project during the terms of this Agreement, the Parties will meet to attempt to reach agreement on the terms and conditions, including the rate of pay. The University shall provide TRUOLFA with notice of the introductions of a pilot project thirty (30) calendar days prior to the commencement of the pilot project.

Notice shall provide the relevant information to be considered in determining the fee. The information shall include the title of the project, a description of the purpose and duties of the project, qualifications required, length of the project, and any other relevant information.

If the Parties do not reach agreement within thirty (30) calendar days of the notice above, either Party may refer the matter to arbitration as set out in Article 5.6. The agreement of the Parties or the decision of the arbitrator shall apply retroactively to the commencement of the pilot project.

- 4) When a course is converted from one modality or delivery method to another modality or delivery method the University shall provide thirty (30) calendar days' notice to TRUOLFA of implementation of the new modality or delivery method. In the case of credit courses, this notice shall include the course name, course description, credit value and number of assignments. In the case of non-credit Web courses, this notice shall include the course name, course description and number of assignments.

For the purposes of the probationary period only, actual service shall be calculated from the date the Employee is allocated their first student. Following successful completion of the probationary period, the Employee will be credited with seniority as per Article 6.1.

For a regular non-continuous Employee (e.g., Clinical or Lab OLFM), only time worked performing delivery duties shall be calculated toward the completion of the probationary period; however, the completion of the probationary period will not extend beyond two (2) years.

ARTICLE 7 EVALUATION

7.1 Evaluation

It is agreed that an OLFM evaluation process is required to ensure a high standard of professionalism by assessing competence and to help an OLFM improve job skills and effectiveness.

7.2 Criteria For Evaluation

The criteria and process will be fair, and equitably applied.

TRU/TRUOLFA COLLECTIVE AGREEMENT: April 1, 2022 to March 31, 2025

The frequency of evaluations will ensure that the highest standards of performance are being maintained, and will be guided by the following:

- a) all new Employees will be evaluated once in their first year of employment;
- b) in subsequent years, data and information on each OLFM's performance will continue to be collected by methods determined by the system of evaluation for OLFMs; and
- c) each OLFM will receive a report on their performance every two (2) years, or more often if a serious problem with the Employee's performance has been identified. If an Employee is not evaluated in the time period specified their performance will be deemed satisfactory.

7.4 Responsibility for Evaluation

Evaluation of Employees is a right and responsibility of the Employer, including the writing of a performance appraisal.

7.5 Input to Evaluation

The process will be based on sound evaluative practice, including (where applicable) collected data and opinions of sufficient quality and quantity. The University shall consult with TRUOLFA on material changes to the evaluative process or practice.

The Employee must be given an appropriate time to adjust performance according to the remedial plan before any discipline is imposed.

7.7 Evaluation of OLFMs Delivering Graduate Education

In the case where the Employer assigns course delivery work at the graduate level, the OLFMs assigned the course will require the approval of the Vice-President, Research or designate before commencing their delivery duties.

After the initial approval, and in order to continue delivering the course, the OLFM will require re-approval by the Vice-President, Research or designate. Approvals will be granted for up to five years.

- a) Should an OLFM not be successful, either in the initial approval stage, or in applications for re-approval, their Teaching Allocation Percentage (TAP) in the graduate course(s) in question will be reduced to zero and the available TAP will be posted as per Article 6.2. If this OLFM also delivers undergraduate courses, their TAP in these courses will not be affected. If the OLFM does not deliver undergraduate courses, their employment with Open Learning will end effective immediately or, if they are currently delivering a graduate course to students, once the students in the graduate course have completed the course.
- b) The process described in this article does not take the place of any other evaluation process in the Collective Agreement. In addition to the process described above, OLFMs delivering graduate courses will still be subject to all other applicable evaluation mechanisms described in the Collective Agreement.
- c) OLFMs teaching graduate courses will be provided access to research services through the Office of Research Innovation and Graduate Studies, including the right to apply for The Open Learning Research Award funding.

- a) The Employer will provide a written description of the Course Development work assignment and the University's expectations for its completion.
- b) The Employer may provide written feedback to an employee assigned Course Development work upon the completion of the work. If feedback is not provided within 30 calendar days, it will be assumed that the Course Development work met the expectations of the University. The normal interaction that occurs between the Employee and the Course Development team and/or supervisor in the completion of the deliverables is not considered "feedback" for the purposes of this agreement. This interaction, however, may form part of the Employer's or Employee's written feedback upon the completion of the work.
- c) Prior to provision of any written feedback, the supervisor shall discuss the feedback with the Employee. All feedback shall be based on sound evaluative practices and will contain evidence of any concerns addressed. The written feedback will reflect the Employee's performance regarding the clearly articulated expectations outlined per a) above and will indicate whether the assignment was satisfactory or unsatisfactory. This written feedback shall be given to the Employee and the Employer will maintain a copy. The Employee may respond in writing to the feedback. A copy of the feedback and the Employee's response will not be placed on the Employee's personnel file. The written feedback may form the basis of the biennial review per d) below.
- d) Each Employee assigned Course Development work will receive an evaluation of their performance with respect to that work every two (2) years. This evaluation may be completed more often if a serious problem with the Employee's performance has been identified. If an Employee is not evaluated in the time period specified, their performance will be deemed satisfactory. This evaluation shall form part of the Employee's personnel file.
- e) All material related to Course Development work evaluation and feedback that is placed on an Employee's personnel file is subject to appeal through the grievance procedure.

1) General Principles

- a) All OLFMs are expected to respond to students using their best professional judgement as to the most effective and efficient method of meeting the student's educational needs. This includes the use of all methods of communication and technology available to the OLFM.
- b) OLFMs are expected to attempt to make initial contact with a student within one week of being notified of a new student registration and attempt to contact each student individually at least once every four weeks. It is also understood that OLFMs will attempt to contact students who have not submitted course assignments for some time to help the student progress in the course. They are expected to actively encourage their success by clarifying concepts, encouraging assignment completion, suggesting different approaches or resources and generally providing the student with academic assistance as required to aid in course completion.
- c) OLFMs will use the administrative systems of the University for entering marks.
- d) Email contact with students will be through current University course delivery or email systems unless another system is specifically agreed to by the University.
- e) OLFMs have a professional responsibility to remain current in their field.
- f) Courses may be continuous enrolment, and or cohort enrolment as determined by the University. In the case of cohort courses, the course OLFMs will rotate cohorts over the course year in order to distribute students as evenly as feasible between the course OLFMs according to TAP.
- g) For cohort courses of 4 months duration or less, vacation will not be taken by the OLFM. Such courses shall be scheduled as early as possible, but not less than three (3) months in advance. OLFMs have the right to refuse a cohort assignment without jeopardizing their right to future assignments.

- h) OLFM duties will include all those currently performed by OLFMs and those described within the Collective Agreement and Letters of Understanding attached.
- i) OLFMs will mark assignments and exams within five (5) business days of receipt. The parties agree that a pattern of taking more time than this to mark assignments may require corrective action. In extenuating circumstances, where the OLFM expects they will be unable to meet the timeline herein, they shall discuss the matter with the Director, Curriculum Development and Delivery or designate, at their earliest opportunity.

2) Print Courses

- a) Print courses may have a web presence which may require limited OLFM involvement and may require the use of computer technology as part of the course design. This may include the use of email discussion groups, electronic media, Learning Management System, e-learning tools (e.g. white boards), power point slides, conferencing, etc. OLFMs are not required to provide additional course content but rather to explain and assist students with existing course content using their personal and professional knowledge. This may include providing supplementary resources such as references or web sites. Additional duties due to the use of electronic technology, except those compensated for by the Technology Fee, must be compensated by reductions in other areas of course workload to ensure that the overall workload will remain the same.
- b) Students may choose to submit assignments electronically to OLFMs.
- c) During periods of time-sensitive course related learning activities, the OLFM will attempt, as a general rule, to respond to inquiries within one (1) business day. OLFMs will be expected to respond to email and other inquiries within two business days; an auto-reply message is acceptable during an OLFM's days off or on General Holidays, or in cases of emergency absence of the OLFM. If the workload is such that an OLFM cannot meet this expectation they will contact the Director, Curriculum Development and Delivery or designate who will consider the individual circumstances and take appropriate steps to resolve the situation.

3) Standard Web Courses

- a) These courses have similar responsibilities and duties to the print courses and the OLFM is not expected to provide additional course content but rather to explain

TRU/TRUOLFA COLLECTIVE AGREEMENT: April 1, 2022 to March 31, 2025

and assist students with existing course content using their personal and professional knowledge. This may include references to documents or web sites.

b) The duties of OLFMs will include the following:

- iv) During periods of time-sensitive course related learning activities, the OLFM will attempt, as a general rule, to respond to inquiries within one (1) business day. Responding to all student queries by phone, e-mail or other method as appropriate within two business days; an auto-reply message is acceptable during an OLFM's days off or on General Holidays, or in cases of emergency absence of the OLFM. The aim of this provision is to ensure timely response to student queries. OLFMs will make their TRU phone numbers available to students for contact if required.
- v) In a very few instances, courses have an oral component (e.g., Language courses) and OLFMs may be required to be available at set times. However, the principle remains: the responsibilities and duties of OLFMs in Standard Web courses are comparable to those in Print-based courses.

Courses that include an oral component will be examined on a case-by-case basis to ensure that workloads are comparable.
- vi) Marking all assignments, where assignments may include moderation and evaluation of course conferences, discussion groups etc.
- vii) Communicating any problems with the courses, both academic and technical, to the designated University employee. The OLFM is not responsible for course maintenance or modification except as outlined in

TRU/TRUOLFA COLLECTIVE AGREEMENT: April 1, 2022 to March 31, 2025

Article 6.8. OLFMs will be provided with an e-mail address and/or the names of designated University employees to whom to refer changes.

viii) Use of email and the OLFM Portal.

c) The University reserves the right to access courses on an ongoing basis.

8.2 Online Modality

Online Modality is a paced, cohort, faculty-led model which uses a variety of online communication technologies, involves interaction among students and with the OLFM delivering the Online course and features problem-based pedagogy.

1) The Role and Responsibilities of the Online OLFM

- a) To deliver courses in the Online Modality by actively facilitating learning for students in paced, cohort courses with specific start and end dates.
- b) To provide instruction based on established core course materials. Established core course materials may vary from program to program and/or course to course. The core course materials shall include, but are not limited to, the following course components: Course Outline, Learning Outcomes, Course Evaluation Instruments and number and type of Activities.
- c) To update course materials as needed or at least at the end of each course offering to ensure currency of the course materials.
- d) To maintain technical expertise as per Article 14.
- e) To initiate, lead and manage learning activities and discussions using current technical applications.
- f) To facilitate learning using asynchronous and/or synchronous methods depending on course design.
- g) To add additional course material. For clarity: the course as designed may not include all the necessary material to meet course learning outcomes. The OLFM will add sufficient material, with the proviso that producing the additional material

TRU/TRUOLFA COLLECTIVE AGREEMENT: April 1, 2022 to March 31, 2025

does not exceed a reasonable workload for the OLFM and is appropriate for the credits assigned to the course.

- h) To see the student through the course.
 - i) During periods of time-sensitive course–content related learning activities as outlined in 1) e) above, the OLFM will attempt, as a general rule, to respond to emails within one (1) business day. In all other circumstances the OLFM will attempt, as a general rule, to respond to e-mails within two (2) business days.
 - j) To engage in the administrative set up and record keeping of students.
 - k) To enter assignment/exam marks in the OLFM Portal.
 - l) To post a message, informing the student of the OLFM’s absence, during leaves, General holidays or in cases of emergency absence.
 - m) OLFMs will mark assignments and exams within five (5) business days of receipt. The parties agree that a pattern of taking more time than this to mark assignments may require corrective action. In extenuating circumstances, where the OLFM expects they will be unable to meet the timeline herein, they shall discuss the matter with the Director, Curriculum Development and Delivery or designate, at their earliest opportunity.
- 2) Pedagogical Preparation for Delivery of Online Courses

The Employer shall provide a Program to prepare Employees in the pedagogical aspects of teaching in the Online Modality as follows:

- a) Where the University has a course that it wishes to begin delivering in an Online Modality and there is one or more OLFMs with TAP in that course in the Independent Study Modality and who have not previously taken the Program, then, prior to the University commencing to deliver that course in the Online Modality, it will offer to pay such OLFMs for taking the Program.
- b) Where the University has a new course that it wishes to begin delivering in the Online Modality, and the Selection Committee chooses to recommend as the successful candidate an OLFM(s) who has all the qualifications except for the

TRU/TRUOLFA COLLECTIVE AGREEMENT: April 1, 2022 to March 31, 2025

online pedagogical requirement, then the University will offer to pay such OLFM(s) who completes the Program.

- c) OLFMs who accept the University's offer to be paid for the Program will be paid 20 hours at the Computer Course Rate (as set out in Appendix A of the Collective Agreement between the parties) for completing the Program provided that no OLFM will be paid more than once for completing the Program.
- d) Successful completion of the Employer's 20-hour Program, as determined through an assessment of the OLFM's achievement of the learning outcomes, will result in the Employee being considered Online Certified. Employees not Online Certified will normally not be eligible to deliver online courses.
- e) OLFMs will be given the opportunity to PLAR all or a portion of the learning outcomes encompassed above with a view to reducing the 20-hour program.

3) Notice

The employer will bi-annually provide TRUOLFA with a list of courses that are anticipated to be launched in the next six months including those Independent Study Modality courses that will be offered in the Online Modality.

4) Training for Online Delivery

Training will be provided as per Article 14.

5) Advance Access to Course Materials

The Employer shall normally provide OLFMs with access to the core course materials upon hire.

6) Assignment of Cohorts

- a) Over the course of two years assignment of cohorts will be rotated in order to distribute students fairly between the OLFMs according to their TAP, to the extent it is practicable.

TRU/TRUOLFA COLLECTIVE AGREEMENT: April 1, 2022 to March 31, 2025

- b) The maximum number of students in any cohort group is twenty-five (25). Additional students may be added with the agreement of the OLFM.
- c) The minimum number of students in a cohort group will be five (5).
- d) OLFMs have the right to refuse one cohort assignment per course per year, for reasons other than an emergency situation, without jeopardizing their TAP in the course. For reasons stemming from an emergency situation only, the Employer will distribute students over the course of two years as fairly as practicable among the OLFMs according to their TAP.

7) Course Maintenance and Revision

- a) OLFMs are responsible as part of their regular duties to maintain all course material on a regular basis to ensure accuracy and currency. This work does not involve prior approval from the Employer.
- b) OLFMs must obtain prior approval from the Employer for any changes to course materials that would involve altering the learning outcomes, course structures, evaluation weightings, evaluation methods(s), evaluation instrument(s), workload for the OLFM or the students, or copyrighted third party material.
- c) All work outlined in Article 7 b) will be offered as per Article 6.7.

8) Vacations

Employees will as a general rule attempt to schedule their vacations for periods when they are not delivering online courses. If however that is not feasible, they may once each vacation year, request up to a maximum of ten (10) consecutive business days of vacation during the delivery of an online course. The vacation will not be unreasonably withheld so long as the procedures below are observed. The Employer will provide sufficient notice of upcoming cohorts.

The request must be in writing to the Director, Curriculum Development and Delivery or designate at least sixty (60) days prior to the start of the leave requested; in exceptional circumstances this notice period may be shortened at the Employer's discretion. Unless written approval has been granted by the Director, Curriculum Development and

TRU/TRUOLFA COLLECTIVE AGREEMENT: April 1, 2022 to March 31, 2025

Delivery or designate, the OLFM will not be permitted to take a vacation during the time when they are scheduled to teach a cohort of an online course.

8.3 Workshops

Workshops are intended to be an opportunity to enable participation for the purpose of enhancing communication and providing professional development.

Employees are expected to attend and participate in Workshops. Compensation shall be as per Appendix A (Wage Schedule).

Travel expenses shall be reimbursed per TRU Policy ADM 19-0 Expenses: Travel.

8.4 Teaching Allocation Percentage (TAP)

1) Allocation of Students

a) TAP Review

- i) TAP Review for OLFMs who had 100% TAP as of May 17, 2010 (Listed as 100% TAP in Appendix C)
 - If the number of new students per intake assigned to an OLFM on probation exceeds seventy (70) or if the number of new students per intake assigned to an OLFM who has completed their probationary period exceeds a total of three hundred (300) over two (2) consecutive intakes, then the Supervisor may, at their discretion choose to call for a review of the situation.
 - The Supervisor will consult with a committee consisting of an OLFM Advisor, where applicable, a TRUOLFA representative and the OLFM. Following discussions with the committee, the Supervisor may decide for demonstrable pedagogical reasons some form of monitoring or modification to the TAP formula needs to occur in the case under examination. Should the OLFM feel that the Supervisor's decision is unfair, then they may grieve using the procedures of Article 5.4.

TRU/TRUOLFA COLLECTIVE AGREEMENT: April 1, 2022 to March 31, 2025

- ii) TAP Review for OLFMs who did not have 100% TAP as of May 17, 2010 (Not listed in Appendix C).
- When the number of students* registered in a delivery method of a course (e.g. ECON 100 standard web) exceeds an average of 100 students per OLFM delivering the course, at any given time, the University may reduce the TAP for each OLFM assigned to this delivery method of the course as follows:
 - When there is only one OLFM in the delivery method of a course, TAP will be reduced to 70% and the remaining TAP will be assigned to a new OLFM. When the TAP is 70 percent/30 percent, and when a third OLFM is to be hired, TAP will be offered with a distribution of 50 percent, 25 percent and 25 percent. If a fourth OLFM is to be hired, TAP will be offered with a distribution of 25 percent each.
 - When there are two or more OLFMs in a delivery method of a course, a new OLFM will be hired and TAP will be allocated such that all OLFMs have as equal a distribution of TAP as possible while also ensuring that TAP will be rounded to the nearest 5%. When the above results in TAP being offered unequally, the new OLFM will not be offered a higher TAP allocation than that offered to current OLFMs of the course. For example, if there are two OLFMs in the delivery method of the course (each with 50% TAP), each OLFM's TAP will be reduced to 35% and the remaining TAP will be assigned to a new OLFM; if there are three OLFMs in the delivery method of the course (with TAP distributed 35%, 35%, 30%) each OLFM's TAP will be reduced to 25% and the remaining 25% will be assigned to a new OLFM.

*Students who have registered for an extension or who remain listed on the OLFM Portal beyond their course completion date, or who have completed all assignments and the final exam/assessment, or who have failed the final exam/assessment, are not included in the tally of students registered.

TRU/TRUOLFA COLLECTIVE AGREEMENT: April 1, 2022 to March 31, 2025

iii) OLFMs who have been allocated TAP and who will, as a result of the operation of Article 8.4 1) a) ii) above, immediately be subject to a TAP review upon the date of signing of this Collective Agreement, will be grandparented and not subject to review as a result of the operation of Article 8.41) a) ii) unless and until the number of students (as defined in the footnote of Article 8.4 1) a) ii) above) registered in a delivery method of a course exceeds an average of 160 students per OLFM.

b) Changes for Courses with a Single OLFM as of May 17, 2010 (Appendix C)

i) For OLFMs who as of May 17, 2010 have 100 % TAP (Appendix C), their TAP shall remain at status quo (i.e. 100%) for the duration of their employment unless:

(A) modified through the TAP Review provision of 8.4 1) a), or

(B) the single OLFM delivering that course leaves the employ of the University or voluntarily opts to reduce their TAP.

ii) When TAP becomes available due to Article 8.4 1) b) i) above, this TAP will be allocated as follows:

(A) TRU will post for additional OLFM(s) to ensure that there are two OLFMs for this delivery method of the course (e.g. Econ 100 Standard web). In the event that the University posts for two OLFMs and they cannot be hired simultaneously, the initial hire shall be offered the other portion of the TAP and shall retain the TAP until a second OLFM is hired. If no second OLFM is hired within twelve (12) months of the appointment of the initial hire, the initial hire will retain 100% TAP for the course until (C), listed below, applies.

(B) If after (A) has taken place, TAP becomes available due to an OLFM giving up all or some of their TAP, the University may at its discretion, hire to cover the remaining TAP or may offer the remaining TAP to a remaining OLFM(s) who has/have the remainder of the TAP.

(C) For all TAP that has become available due to either Article 8.4 1) b) i) above or Article 8.4 1) b) iii) below, when the number of students*

TRU/TRUOLFA COLLECTIVE AGREEMENT: April 1, 2022 to March 31, 2025

registered in a delivery method of a course (e.g. ECON 100 standard web) exceeds an average of 100 students** per OLFM(s) delivering the course, at any given time, the University may reduce the TAP for each OLFM(s) assigned to this delivery method of the course as follows:

- When the above noted 100 student threshold is crossed, TAP will be reduced so that all OLFMs have as equal a distribution of TAP as possible, while also ensuring that TAP will be rounded to the nearest 5%. When the above results in TAP being offered unequally, the new OLFM will not be offered a higher TAP allocation than that offered to current OLFMs. For example: if there is one new OLFM in the specific delivery method of the course (with 100% TAP), this OLFM's TAP will be reduced to 50% and the remaining TAP will be assigned to a new OLFM; if there are two OLFMs in the specific delivery method of the course, each of the two current OLFM's TAP will be reduced to 35% and the remaining TAP will be assigned to a new OLFM; if there are three OLFMs in the specific delivery method of the course each OLFM's TAP will be reduced to 25% and the remaining 25% will be assigned to a new OLFM.

* Students who have registered for an extension or who remain listed on the OLFM Portal beyond their course completion date, or who have completed all assignments and the final exam/ assessment, or who have failed the final exam/assessment, are not included in the tally of new students registered.

** Students allocated to an OLFM who had 100% TAP as of May 17, 2010 are not used to calculate this average, nor will this member's TAP be reduced as a result of this process.

- iii) For clarity, OLFMs who have 100% TAP on May 17, 2010 (Appendix C) will retain 100% TAP subject to the following conditions:

TRU/TRUOLFA COLLECTIVE AGREEMENT: April 1, 2022 to March 31, 2025

(A) As noted above in Article 8.4 1) b) i) TAP will be reduced if the OLFM wishes to reduce their TAP;

(B) TAP may be modified through the TAP Review process established in Article 8.4 1) a) i) of this Collective Agreement. Furthermore, any changes to Article 8.4 1) a) i) in all forthcoming Collective Agreements will not reduce the right of OLFMs (subject to Article 8.4 1) a) i)) to retain 100% TAP for delivery methods (e.g. print, standard web, and labs) of courses within the independent study modality for which they have 100% TAP as of May 17, 2010 (Appendix C), and they will not have their TAP reduced in these courses due to any other changes in all forthcoming Collective Agreements.

c) Changes in Multi-OLFM Courses

i) Expansion

If in a multiple-OLFM course, an OLFM leaves the employ of the University, remaining OLFMs in the course will be canvassed to determine if they wish to increase their desired TAP which will be adjusted as described below.

The current TAP available for reallocation to remaining OLFMs in the course will be distributed as follows:

- If the current TAP available exceeds the desired TAP of the remaining OLFMs, the Employer may post for an additional OLFM per Article 6.2.
- If the current TAP available equals the desired TAP of the remaining OLFMs, the remaining OLFMs will receive their desired TAP level.
- If the current TAP available is less than the desired TAP of the remaining OLFMs, the current TAP will be distributed equally among the remaining OLFMs. However, if the current TAP cannot be distributed equally among the remaining OLFMs (for example, 25% TAP to be distributed between two OLFMs), the higher TAP (in this example, 13% as opposed to 12%) will be assigned to the most senior OLFM.

TRU/TRUOLFA COLLECTIVE AGREEMENT: April 1, 2022 to March 31, 2025

ii) Reduction

Where existing OLFMs wish to reduce their TAP, the Employer undertakes to canvass current OLFMs in the course to determine if they wish to increase their desired TAP before posting for more OLFMs, as per Article 6.2.

iii) Courses with Two OLFMs

For all OLFMs with TAP in any course, with two members as of May 17, 2010 (Appendix D), if one of those two members leaves the employ of the University or gives up their TAP in the course, a sufficient amount of the available TAP will be offered to the remaining OLFM to allow them to increase their TAP to a maximum of 70 % TAP in that course (TAP will not be reduced if the remaining OLFM already has more than 70% TAP in this course). The University may then hire one more OLFM to deliver the unallocated percentage of TAP.

iv) Other Cases

For all cases other than those described in Article 8.4 1) b) i) and Article 8.1) c) iii) when TAP becomes available it will be allocated as per Article 8.4 1) c) i)-ii) until there are only two OLFMs in the course. Once there are only two members in the course and one of those two members leaves the employ of the University or gives up their TAP in the course, a sufficient amount of the available TAP will be offered to the remaining OLFM to allow them to increase their TAP to a maximum of 50 % TAP in that course (TAP will not be reduced if the remaining OLFM already has more than 50 % TAP in this course). The University may then hire one more OLFM to deliver the unallocated TAP.

d) General

The Employer will provide TRUOLFA with records of student numbers allocated by individual course to each Employee every four (4) months in January, May and September.

TRU/TRUOLFA COLLECTIVE AGREEMENT: April 1, 2022 to March 31, 2025

e) Special Matching

Where special matching of a student's needs to a particular OLFM's expertise is required or a legitimate request has been made by a student for another OLFM, the supervisor may make an exceptional allocation decision to switch OLFMs; in such cases, the supervisor will advise the Employees delivering the course of the decision.

- i) The University reserves the right to assign a student to an OLFM based on a particular need of the student or when a specific skill or knowledge held by an OLFM is relevant to the course or program needs. Special matching may also be done when a course or program requires an OLFM to be a resident of a specific geographic area.
- ii) Special matching of students will be subject to the TAP provision, except as specified in iii) below.
- iii) Cases in which TAP provisions may be altered:
 - Special matching may be done when there is a one-time contract of limited duration between TRU and an outside employer for a course or program that requires an OLFM to be a resident of a specific geographic area in order to conduct face-to-face teaching and no current qualified OLFM resides in or is within commuting distance of the specific geographical area. This type of Special Matching will not be subject to TAP provisions.
 - Special matching may be done for contracts of limited duration between TRU and an outside employer for a course that requires a single OLFM for a particular cohort of students. This type of Special Matching will be rotated as equitably as reasonably possible among OLFMs who teach the course in question.
- iv) The University agrees not to use this Article to circumvent the TAP provisions in Article 8.4.

TRU/TRUOLFA COLLECTIVE AGREEMENT: April 1, 2022 to March 31, 2025

2) Notification to Reduce TAP

The OLFM will provide their supervisor with a minimum four (4) weeks of notice in writing with their intent to reduce TAP.

8.5 Special Education Students

The Employer agrees that if a Special Education student requires substantial extra telephone or marking time, the OLFM shall keep track of the extra time and bill the Employer at the Special Education Student rate as per Appendix A (Wage Schedule). It is agreed that “substantial” here will be determined by mutual agreement between the OLFM and their Supervisor.

8.6 Augmented Individual Delivery

The University may request (and the OLFM may agree) to provide augmentation of individual delivery in a current course by on-site visits or by conferencing.

Compensation is at the Augmented Individual Delivery rate as per Appendix A (Wage Schedule). In the case that augmentation takes place at a site away from where their normal delivery duties occur, then a minimum of three (3) hours will be paid. Upon mutual agreement of the Supervisor and the OLFM and with prior approval of the Supervisor, there will be a minimum of an additional one (1) hour paid for related work in support of on-site visits or conferences.

Should a substitute OLFM decline to offer this augmented service, the University has the right to appoint a substitute OLFM to provide the augmented service as long as the original OLFM’s payment, working conditions and rights to teach the course remain the same. The Parties agree that the University will not incur any additional cost as a result of the OLFM declining to offer augmented service including any costs related to the waiving of Article 6.3.

The duties in 2) above shall be performed by OLFM Advisors except when the work requires specialized knowledge in a discipline other than that of the OLFM Advisor. In such cases, the University shall assign the work to qualified OLFMs in the discipline, on the basis of seniority.

8.9 First Nations Learning Centres

Special arrangements may be required when Open Learning courses are delivered through First Nations Learning Centres in order to provide delivery support to First Nations communities. Any one of the following scenarios will be made available to First Nations Learning Centre students:

- 1) First Nations Learning Centre students will independently access OLFM support in accordance with the delivery model described in the TRU/TRUOLFA Collective Agreement; or
- 2) Supernumerary to regular independent study, an external facilitator may be hired to assist students with pacing through the course; or
- 3) The First Nations community will provide an independent instructor who will deliver Open Learning courses face-to-face and who will mark all assignments; however, exams will be

TRU/TRUOLFA COLLECTIVE AGREEMENT: April 1, 2022 to March 31, 2025

marked by OLFMs. Where possible, regular TAP allocations will be applied when assigning exam marking to OLFMs.

8.10 Re: Incarcerated Students

- 1) Where an incarcerated student registers for a course and the OLFM who delivers the course and who is eligible for that TAP is unwilling to deliver the course to an incarcerated student, an opportunity to deliver education to the student will be offered to other OLFMs in the following order:
 - a) OLFMs delivering the same print-based course. If there is only one other OLFM delivering the print-based course and that member wishes to deliver education to the student, they will be awarded the opportunity to deliver education to the student. If more than one OLFM delivering the print-based course wishes to deliver education to the student, the most senior (actual service) OLFM will be awarded an opportunity to deliver education to the student.
 - b) OLFMs delivering the course in another delivery method or modality. If there is one OLFM delivering the course in another delivery method or modality and that member wishes to deliver education to the student, they will be awarded the opportunity to deliver education to the student. If more than one OLFM delivering the course in another delivery method or modality wishes to deliver education to the student, the most senior (actual service) OLFM will be awarded an opportunity to deliver education to the student.
 - c) Other qualified OLFMs. If there is one qualified OLFM who wishes to deliver the course to the incarcerated student, that OLFM will be awarded the opportunity to deliver education to the student. If more than one qualified OLFM wishes to deliver the course to the incarcerated student, the most senior (actual service) qualified OLFM will be awarded an opportunity to deliver education to the student.
- 2) The regular job posting provisions and selection procedures in the Collective Agreement (Article 6.2 and Article 6.3) will not apply to this type of situation. Instead, the individuals noted above being considered for delivering the course to the incarcerated student will be contacted by the Director, Curriculum Development and Delivery or designate to determine if they are willing to deliver the course to the student. If no reply is received from the OLFM within five business days, the OLFM will be deemed to have responded as not willing to deliver the course to the incarcerated student.

TRU/TRUOLFA COLLECTIVE AGREEMENT: April 1, 2022 to March 31, 2025

- a) Any decision about whether an OLFM is qualified to deliver the course to the incarcerated student will be made by the Director, Curriculum Development and Delivery or designate.
 - b) The Faculty Association will be notified if an OLFM other than an OLFM who delivers the print-based course is chosen to deliver the course to the incarcerated student.
 - c) Any OLFM who is contacted and indicates an interest in delivering the course to the incarcerated student and who either was not qualified or was not selected due to interest from another qualified more senior (actual service) OLFM shall be notified electronically of the decision (with copy to the Faculty Association).
- 3) The University will ensure that substitutes are notified of the presence of any incarcerated student in a course for which they are substituting and the intended substitute may decline the opportunity to deliver education to the incarcerated student.
 - 4) If no current qualified OLFM is willing to deliver the course to the incarcerated student, the University will use the following provisions in this order: (a) Temporary Employees Article 1.7 6) b); (b) Contracting Out Article 3.2 to find an individual willing to deliver education to an incarcerated student. If the above process is unsuccessful in finding an individual to deliver education to the incarcerated student within 30 days, the entire process including 4 (a) and 4 (b) will be repeated until a willing individual is appointed. Persons hired under provisions 4(a) and 4(b) are not eligible to be a Regular Employee.
 - 5) Where the University is aware that a student is incarcerated the provisions of this Article will apply. The parties acknowledge that there may be circumstances where the University is not aware that a student is incarcerated.

ARTICLE 9 WAGES AND ALLOWANCES

The OLFM shall receive compensation as per the Marked Assignment Fee (MAF) method. In this case OLFMs will be paid for assignments marked with the understanding that the total of the MAFs cannot be less than or greater than the Print Course Fee.

2) Payment to OLFMs for Standard Web courses will be as follows:

- a) The OLFM shall receive compensation as per the Marked Assignment Fee (MAF) method. In this case OLFMs will be paid for assignments marked with the understanding that the total of the MAFs cannot be less than or greater than the Course Fee.
- b) In the alternative, and at the University’s sole discretion, the OLFM shall receive a flat rate (Standard Web Course Fee as per Appendix A) per student per 3.0 credit course paid over the term of the course. In courses where the credit value is either greater than or less than 3.0, the flat rate per student will be adjusted accordingly. It is understood that this fee compensates the OLFM for seeing the student through the course, including one extension. Base Pay and the Monthly Stipend are not paid when the flat rate method of payment is used. If a student cancels or withdraws from the course, the Course Fee will be pro-rated based on the student’s actual time in the course. Where a student does not cancel or withdraw but rather changes to an audit status, full payment will be made. If a student completes the course earlier the University will pay out the balance to the OLFM.
- c) Pay for Substitute and Temporary OLFMs will be for assignments marked where a MAF payment method is used or will be a pro-rated portion of the flat rate where the flat rate (Course fee) method is used.
- d) When the flat rate (Course fee) method is used Substitute and Temporary OLFMs will receive a flat rate monthly fee per student (as per Appendix A – Standard Web

- b) Pay for Substitute and Temporary OLFMs will be for assignments and exams marked.

9.2 Per Student Fees

1) Base Pay

- a) The “Per Student Fee” is payable to Employees except, Clinical, Directed Studies, Lab OLFMs, and any OLFMs if paid by the alternative flat rate method, and is determined based on “Start Date” Seniority. A “Per Student Fee” is payable if the OLFM is notified by the University of a registration of a new student or a re-registration/extension of a current student.
- b) If a student is reassigned to another OLFM through an exceptional allocation decision, the new OLFM will also receive the “Per Student Fee”. In this situation, the “Per Student Fee” is paid twice but not to the same OLFM.

2) Technology Fee

- a) The University requires OLFMs to use electronic technology to respond to student inquiries and enter assignment and exam marks. In recognition of this additional work the University will provide a Technology Fee for each new student registration to compensate OLFMs for the extra time and work required. This fee will not be paid for Clinical, Directed Studies, and Lab OLFMs. This Technology Fee will be subject to the agreed upon wage increases in subsequent years.
- b) It is understood that this Technology Fee will be full compensation for all computer-related work involved in the course including, responding to student enquiries by email or in conferences/bulletin boards. Where a student submits an electronic

TRU/TRUOLFA COLLECTIVE AGREEMENT: April 1, 2022 to March 31, 2025

assignment the OLFM will be expected to use appropriate University provided software for file conversion or the student will be asked to submit in an appropriate form.

3) Payment of Per Student Fee (Base Pay) and Technology Fee

- a) To simplify the administration of OLFM pay, the Parties agree to combine the Per Student Fee and Technology Fee into one payment.
- b) This administrative simplification in no way impacts the intent, interpretation or application of the two separate fees.

9.3 Payment of Wages

OLFM's will be paid on a bi-weekly pay cycle.

The Employer will deposit the Employee's pay cheque by electronic deposit in an account at a financial institution designated by the Employee.

The University will make available to each Employee an itemized statement of earnings detailing the calculation of total earnings for the pay period and total deductions made. The statement will be sufficiently detailed to make it possible for the Employee to keep accurate and up to date records. On written request from an Employee, a print copy of this itemized statement of earnings will instead be mailed to the Employee.

Should any error in an Employee's pay cheque occur, then the University will correct any error as quickly as possible. The University will in these cases provide the Employee with information detailing the error and the correction that is required to occur. If the correction should cause unnecessary financial hardship to the Employee, the University will arrange on a case-by-case basis to rectify the situation.

9.4 Vehicle and Travel Allowance

A vehicle allowance for all distances traveled on approved University business shall be paid to employees required to use their own vehicle. The rate of reimbursement shall be as per TRU Policy ADM 19-0 Expenses: Travel.

It is understood that "business" does not refer to travel between the OLFM's house and any site of delivery.

9.5 Compensation for Course Development Work

The Employer will calculate the number of hours required for course development work assignments. An Employee being considered for course development work will be contacted by the Employer and advised of the number of hours for the whole project and each component. In addition, the Employee will be advised of the Course Development assignment, the component pieces and the number of hours attached to each component. The Employee will be asked whether they still wish to be considered for the Course Development work assignment.

If the Employee feels that the calculation of the number of hours requires discussion, the Employer will hear and consider the Employee's rationale for any change being suggested. The University will ultimately be the final determiner of the number of hours required for the course development work assignment. It is understood that the number of hours the Employer is willing to pay will be determined in good faith and in a reasonable manner.

When the Employee accepts the assignment, their agreement with the approved number of hours is understood.

An Employee assigned Course Development work shall submit a Compensation Claim with the completed component. Payment shall be approved by the University designate upon completion of the component. Employees shall be paid for all hours up to the pre-approved maximum at the "Course Development" rate per Appendix A.

In extenuating circumstances, an Employee assigned Course Development work may request an extension of the timeline for assigned Course Development work. Requests for such extensions shall not be unreasonably withheld.

If an Employee is offered and turns down a Course Development work assignment, this will not prejudice them for future consideration.

The University will provide to both the TRUOLFA President or their designate and to the assigned Employee, a copy of the Course Development work assignment details. This documentation will include the number of hours, the University's expectations required of the Course Development assignment, the component pieces and the number of hours attached to each component.

Except for paragraph 2 (number of hours) and paragraph 3 above, any dispute will be subject to grievance and arbitration.

Sexual Harassment is a form of discrimination on the basis of sex. It is, behaviour of a sexual nature by a person who knows or ought reasonably to know that the behaviour is unwanted or unwelcome; and

- i) which interferes with another person's participation in a University-related activity; or
- ii) leads to or implies employment, or academically-related consequences for the person harassed; or
- iii) which creates a poisoned environment

c) Procedure for Investigations of Discriminatory Harassment

i) Mediation

When a complaint is received by the University involving an individual covered by this Collective Agreement, the University and TRUOLFA will initiate a mediation procedure at the bargaining unit level. The mediation process is the recommended avenue of resolution.

Consensual mediation will require the agreement of the complainant and the alleged harasser to use the following process:

- the University and TRUOLFA will discuss the nature of the complaint and agree upon who will conduct the mediation; the Parties will endeavor to select a trained internal mediator;
- the mediation process and resolution will be kept strictly confidential by all participants;
- where a resolution is reached, the complainant and the alleged harasser must agree in writing to the resolution and the matter will then be considered concluded;
- no record of the mediation except the written agreed resolution will be placed on an Employee's file.

TRU/TRUOLFA COLLECTIVE AGREEMENT: April 1, 2022 to March 31, 2025

ii) Investigation

Where either the complainant or alleged harasser does not agree to mediation, or no resolution is reached during the mediation, an investigator will be selected by the Parties.

An investigator will be appointed within ten (10) business days unless otherwise mutually agreed.

The appointment of an investigator does not preclude that investigator from mediating the dispute where possible.

Any complaint of harassment will be kept confidential except as is necessary to investigate and resolve the issue.

iii) Terms of Reference of the Investigator

The purpose of the investigator will be to ascertain facts. All persons quoted in the investigation will be named.

The University, the complainant, the alleged harasser and TRUOLFA will each receive a copy of the investigator's report as well as the Employer's written determination.

The report will not be introduced as evidence or have standing in any arbitration, or other legal procedure. This does not preclude the Parties from reaching an Agreed Statement of Fact based upon facts in the report in preparation for an arbitral proceeding.

Reliance on Report of Third Party Investigator.

The University is entitled to rely on the fact of mediation or the report of a third party investigator as evidence that may mitigate liability in a proceeding that follows receipt of the third party investigator's report.

The University is entitled to rely on the investigator's report as evidence that it acted in good faith in any disciplinary action that it undertook following

TRU/TRUOLFA COLLECTIVE AGREEMENT: April 1, 2022 to March 31, 2025

receipt of the third party investigator's report where the issue of good faith is raised by a grievor or TRUOLFA.

The investigator will not be compellable as a witness in any arbitration or other legal procedure which may result from the investigation.

The investigator will conclude their work within ten business days of appointment and will render a report within a further five business days.

The investigator may, as part of their report, make recommendations for resolution of the complaint.

The investigator's report will not be placed on an Employee's file.

iv) Findings

The University will make a written determination based upon the facts and recommendation, if any, within 10 business days of the receipt of the Investigator's report. The determination will:

- state the action(s), if any, to be taken or required by the University
- include, where appropriate, a statement of exoneration.

v) Rights of the Parties

These procedures may not be used where a complainant has filed a complaint under the Human Rights Code.

The above noted procedure does not restrict:

- The University's right to take disciplinary action;
- TRUOLFA's right to grieve such disciplinary action or to grieve an alleged violation of this Article.

3) Personal Harassment

a) Definition of Personal Harassment

TRU/TRUOLFA COLLECTIVE AGREEMENT: April 1, 2022 to March 31, 2025

- b) Procedure for Handling Personal Harassment

- ii) Employer and TRUOLFA representatives, in the course of investigating a complaint of harassment, shall have due regard for the privacy and confidentiality of any and all persons involved in the complaint;
- iii) An arbitrator in the determination of a complaint of harassment may take reasonable steps to protect the interest of all Parties in the privacy and confidentiality in the determination of procedural and evidentiary matters, subject to the requirement of fairness to the Parties;
- iv) Where the complainant and the person who is the subject of the complaint are both members of the bargaining unit, then the arbitrator seized of a

TRU/TRUOLFA COLLECTIVE AGREEMENT: April 1, 2022 to March 31, 2025

grievance of harassment shall also have jurisdiction in respect of any grievance arising from related discipline of the Employee who is the subject of the complaint.

- v) Employees against whom a grievance or complaint has been filed pursuant to this Article shall have the right to know the allegations made against them, and shall have the right to TRUOLFA representation at all meetings, interviews, and hearings where the OLFM's presence is requested. An Employer representative alleged to have offended under this clause shall be entitled to be given notice of the substance of a grievance under this clause, and to be given notice of, attend, and participate at any arbitration hearing held as a result of a grievance under this clause.
- vi) Pursuant to this Article, complainants have the right to TRUOLFA representation at all meetings, interviews and hearings where the complainant's presence is requested.
- vii) No information relating to the grievor's, or alleged harasser's personal background or lifestyle shall be admissible during the grievance or arbitration process.
- viii) An arbitrator has the authority to fashion a settlement which can include instructions that the Employee who is subject of the complaint may be transferred away from the place of work of the complainant to another position without regard to their seniority. Where such action causes detriment, the detriment shall fall upon the person who is the subject of the complaint and not other bargaining unit members.

4) False Complaints, Breaches of Confidentiality, and Retaliatory Action

Frivolous, vexatious or malicious complaints of harassment or breaches of the confidentiality provisions of this clause or retaliation in respect of a complaint may result in discipline.

5) Relation to Other Agreements

Where a complaint under Article 12.2 involves individuals who are covered by another Collective Agreement, the Parties will meet to clarify and agree upon a procedure.

TRUOLFA recognizes the duty of OLFMs to respect the right of others, to exercise the freedom of discussion in a responsible and responsive manner, and to respect the educational objectives of the University.

The Employer and TRUOLFA agree that this freedom does not extend to an OLFM making changes in the format or prescribed materials of an TRU-OL course which the Employee has agreed to deliver, unless by agreement between the OLFM and the Employer.

RE: MDLB 0521 Medical Laboratory Assistant Laboratory Workshop

This 5-day laboratory allows students to develop and demonstrate the skills learned in Medical Laboratory Assistant (MLA) theory courses, and to gain experience in performing venipuncture and laboratory procedures under the guidance of experienced MLAs or Medical Laboratory Technicians (MLTs).

There has to be low OLFM student ratio for this laboratory/workshop.

Each OLFM will be given the opportunity to take on the preparation and assessments for the labs on a rotating basis.

If one OLFM resigns or retires, the employer may hire a replacement to ensure coverage.

Re: Use of Technology Equipment and Services for University Business

The University shall provide all OLFMs with reimbursement for the use of an employee-owned computer, software, voice services, equipment and reasonable training that are required to perform their duties as OLFMs in accordance with the following:

1. The University agrees to reimburse OLFMs at a rate of \$16.00 per bi-weekly pay period for the use of their own computer. The rate will be reviewed by both parties on October 1 of each year. Effective on the date of ratification, the rate shall increase to \$16.50.
2. OLFMs will ensure that their computers meet the specifications of the University, including the use of firewalls and virus protection. The University will not be responsible for providing hardware or technical support for employee-provided equipment; however, the University will be responsible for servicing any TRU equipment that is connected to an employee-owned computer.
3. The University will provide TRU's current standard suite of software.
4. OLFMs shall use the University-provided voice over IP technology (VOIP) for reasons of compatibility with corporate services, unless geographically unavailable. The University will provide all regular OLFMs a VOIP phone set.
5. The University agrees to reimburse OLFMs at a rate of:
 - \$27.40 as of April 1, 2022
 - \$27.50 as of date of ratification
 - \$29.50 as of April 1, 2024

TRU/TRUOLFA COLLECTIVE AGREEMENT: April 1, 2022 to March 31, 2025

per bi-weekly pay period for the use of their internet service. The rate will be reviewed by both parties on October first each year.

6. University-provided technology equipment that does not function properly will be returned to the University at University expense.
7. The University will compensate the OLFM at the per hour Meeting Rate as per Appendix A when the OLFM is required to attend to technology equipment installation, set-up, maintenance, updating, return of equipment, and replacement, carried out at the University's request at the OLFM's home. Clear instructions shall be provided by the University. Should there be a need to exceed one hour for any of the above activities the OLFM must seek the employer's approval in advance so any additional time will be paid by TRU.
8. If the OLFM goes on leave the University may require the return of the University-provided technology equipment for the period of the leave and cease payments for Internet service. Upon termination, University supplied technology equipment must be returned to the University within one week. All files must be deleted or returned as directed by the University in accordance with Freedom of Information and Protection of Privacy legislation.

RE: Cohort of an Online Modality Course with fewer than five (5) students

When the five (5) student minimum in Article 8.2 6) c) is not reached for a cohort of an Online Modality course, the University may choose to run the cohort with fewer than five (5) students. When the University chooses to run a cohort of an Online Modality course with fewer than five (5) students, the following will apply:

1. The University will consult with the OLFM scheduled to deliver the cohort as to whether the cohort could be successfully delivered with fewer than five (5) students.
2. The OLFM scheduled to deliver the cohort may decline to deliver the cohort without any repercussions.
3. If the OLFM scheduled to deliver the cohort declines the cohort, the next OLFM scheduled to deliver the course will be offered the opportunity until all those assigned TAP in the course have been given the opportunity to deliver the cohort at which point the University can appoint another OLFM on a temporary basis to deliver the cohort.
4. The OLFM who delivers the cohort will be paid as follows:
 - a. The University will pay for any students who register in the course in the usual manner (Base pay, Marked Assignment Fee and exam/project marking for the marks entered in the OLFM portal).
 - b. The University will pay for any shortfall in the student numbers [four (4) minus the number of registered students] as if each missing student had registered in the course and successfully completed all parts of the course including the exam/project.
5. Cohorts delivered with fewer than five (5) students will not be included in TAP calculations.

RE: Delivery of Print-on-demand courses

WHEREAS, the parties recognize that Thompson Rivers University Open Learning is committed to open education wherever possible and dedicated to providing education to all learners;

AND WHEREAS the parties acknowledge that wherever possible students have access to education regardless of location or internet access;

THEREFORE, the parties agree as follows:

1. Where a student wishes to register for a print version of a course that is only offered via the web the work will be offered to OLFMs in the following order:
 - a. OLFMs delivering the same web-based course. If there is only one OLFM delivering the web-based course and that member wishes to deliver education to the student, they will be awarded the opportunity to deliver education to the student. If more than one OLFM delivering the web-based course wishes to deliver education to the student, the most senior (actual service) OLFM will be awarded first rights to deliver education to the student.
 - b. Other qualified OLFMs. If there is only one qualified OLFM who wishes to deliver the course to the print-on-demand student, that OLFM will be awarded the opportunity to deliver education to the student. If more than one qualified OLFM wishes to deliver the course to the print on demand student, the most senior (actual service) qualified OLFM will be awarded first rights to deliver education to the student.
 - c. If no qualified OLFMs wish to deliver education to the student see 4 below.

TRU/TRUOLFA COLLECTIVE AGREEMENT: April 1, 2022 to March 31, 2025

2. The regular job posting provisions and selection procedures in the Collective Agreement (Article 6.2 and Article 6.3) will not apply to the type of situation for which this LOU was developed. Instead, the individuals noted above being considered for delivering the course to the print-on-demand student will be contacted by the Director, Curriculum Development and Delivery or designate to determine if they are willing to deliver the course to the student. If no reply is received from the OLFM within five business days, the OLFM will be deemed to have responded as not willing to deliver the course to the print-on-demand student.
 - a. Any decision about whether an OLFM is qualified to deliver the course to the print-on-demand student will be made by the Director, Curriculum Development and Delivery or designate.
 - b. TRUOLFA will be notified if an OLFM other than an OLFM who delivers the web-based course is chosen to deliver the course to the print-on-demand student.
 - c. Any OLFM who is contacted and indicates an interest in delivering the course to the print-on-demand student and who either was not qualified or was not selected due to interest from another qualified more senior (actual service) OLFM shall be notified electronically of the decision (with copy to TRUOLFA).
3. The University will ensure that substitutes are notified of the presence of any print-on-demand student in a course for which they are substituting.
4. If no current qualified OLFM is willing to deliver the course to the print-on-demand student, the University will use the following provisions in this order:
 - a. Temporary Employees Article 1.7 6) b);
 - b. Contracting Out Article 3.2 to find an individual willing to deliver education to a print-on-demand student.

If the above process is unsuccessful in finding an individual to deliver education to the student within 30 days, the entire process including 4.a. and 4.b. will be repeated until a willing individual is appointed. Persons hired under provisions 4.a. and 4.b. are not eligible to be a Regular Employee.

Re: TAP Redistribution After the Closure of a Print Course

The parties agree that when the University chooses to close a Print version of a course and there is a Web version of the course the following will apply:

1. When there is an OLFM delivering the Print version of the course who is qualified to deliver the Web version of the course, TAP for the Web version is subject to adjustment.
2. The TAP offered to an OLFM who delivered the Print version of the course will be based on the overall proportion of students in the Print and Web versions combined as described in a TAP report covering the period February 23, 2011 forward. If the OLFM accepts the TAP in the Web version of the course, the TAP of the OLFMs currently delivering the Web version will be adjusted by the same formula.
 - Example 1: Suppose that one OLFM has 100% TAP in the print version of a course and has had 100 students since February 23, 2011, while two other OLFMs have 50% TAP in the Web version and have had 200 students each. In this case the OLFM who had been delivering the print-based course will be offered 20% TAP (equals $100/500$). If the formerly print-based OLFM accepts this offer, then each of the other web-based OLFMs will receive 40% TAP (equals $200/500$)
 - Example 2: Suppose that two OLFMs have 50% TAP in the print version of a course and each has had 50 print students since February 23, 2011, and the same two OLFMs also have 50% TAP in the Web version and have had 200 web students each. In this case, each OLFM continues to have 50% TAP (equal to $250/500$) and no redistribution is necessary.
3. The TAP redistribution will apply only to new enrollments in the web-based course.

TRU/TRUOLFA COLLECTIVE AGREEMENT: April 1, 2022 to March 31, 2025

4. The timing of the redistribution will be determined by the Director, Curriculum Development and Delivery or designate in consultation with the OLFMs impacted by the redistribution.
5. Where there is no Web version of the course, no TAP Redistribution will take place.
6. Where Article 8.4(1)(b)(iv)(B) applies (100% TAP in Appendix C), no TAP Redistribution will take place.

2. Examples of projects that may be funded are the testing and implementation of new technologies in curriculum or processes, the implementation of Open Educational Resources and enhanced student engagement initiatives including those for indigenous learners, and projects leading to student success and higher completion rates.
3. Proposals for projects may be generated by the University or OLFMs.
4. A Committee (“Innovation Committee”) comprised of one (1) OLFM selected by the Employer from different Divisions, Faculties or Schools, after a general call for expressions of interest to serve on the committee, and one (1) OLFM appointed by TRUOLFA, two (2) Open Learning Faculty Member Advisors and two administrative employees of Open Learning will review all proposals and make recommendations to the Associate Vice President of Open Learning or designate on whether the proposal should be supported based on the following criteria:
 - Potential for increases to service levels or innovation considered against the cost of the project;
 - Feasibility of the project;
 - Benefits to students;
 - Impact on underrepresented or underserved communities, e.g. indigenous or rural communities;
 - Time required to complete the project;
 - Monetary limits of the fund.

TRU/TRUOLFA COLLECTIVE AGREEMENT: April 1, 2022 to March 31, 2025

The Innovation Committee will meet at least once per year and thereafter as determined by the Committee.

5. The Associate Vice President of Open Learning or designate has the right to:
 - Approve, reject or modify proposals for projects;
 - Determine project outcomes, total project amount, payment schedule, allocate resources, and/or establish mutually acceptable timelines;
 - With reasonable notice and efforts, discontinue any project at any time if it is determined that project is not meeting the original stated objectives;
 - Request from the participating OLFM(s) a report on the progress and impact of the accepted project.
6. Projects shall not duplicate or replace the initiatives or work of other established groups including OLFM Advisor Duties as defined under Article 8.7.
7. OLFMs will be paid at the Committee Assignments rate for work performed on a project. The total amount of hours to be paid to the OLFM will be established at the start of the project in consultation with the OLFM.
8. When approved by the Associate Vice President of Open Learning or designate, a portion of the Innovation Fund may be used on the purchase of equipment or technology necessary to complete a project. All equipment and technology must be returned to the University at the end of the project or with reasonable notice from the University.
9. In recognition of the valuable work of OLFM Advisors in increasing service of the Open Learning Division generally and in their role on the Innovation Committee, the hourly rate for OLFM Advisor duties in Appendix A will be increased to the same rate as the Committee Assignments rate.
10. The total amount available for the Innovation Fund will be:
 - Year 1: \$ 8,000
 - Year 2: \$27,000
 - Year 3: \$46,000

It is expected that the fund will accrue annual contributions at the Year 3 level thereafter.

TRU/TRUOLFA COLLECTIVE AGREEMENT: April 1, 2022 to March 31, 2025

11. The intent of the parties is to fully utilize the funds. Funds not used in one year will be carried over to the next year provided the total amount of unused funds does not exceed \$92,000 at any given time.

Re: Cost of Living Adjustments (COLAs)

The parties agree that in determining the level of any Cost of Living Adjustments (COLAs) that will be paid out starting on April 1, 2023 and April 1, 2024, respectively, the "annualized average of BC CPI over twelve months" in the Monetary Agreement of the collective agreement means the Latest 12-month Average (Index) % Change reported by BC Stats in March for British Columbia for the twelve months starting at the beginning of March the preceding year and concluding at the end of the following February. The percentage change reported by BC Stats that will form the basis for determining any COLA increase is calculated to one decimal point. The Latest 12-month Average Index, as defined by BC Stats, is a 12-month moving average of the BC consumer price indexes of the most recent 12 months. This figure is calculated by averaging index levels over the applicable 12 months.

The Latest 12-month Average % Change is reported publicly by BC Stats in the monthly BC Stats Consumer Price Index Highlights report. The BC Stats Consumer Price Index Highlights report released in mid-March will contain the applicable figure for the 12-months concluding at the end of February.

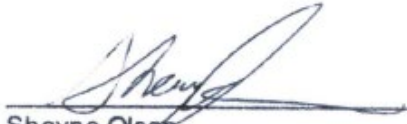

For reference purposes only, the annualized average of BC CPI over twelve months from March 1, 2021 to February 28, 2022 was 3.4%.
